S.187	4/23/2024	An act relating to student application of sunscreen	Education	98	This allows students to apply their own sunscreen. Before they'd have to have the school nurse apply it, and not all schools have nurses, and honestly, nurses have more important things to do

S.191	5/8/2024	An act relating to New	Education	136	
S.204	5/10/2024	An act relating to supporting Vermont's young readers	Education	139	As a former teacher and bookstore owner, and someone who taught literacy to adults, this is a no-brainer for me.
S.220	5/10/2024	An act relating to Vermont's public libraries	Education	150	I supported this bill because I think what kids read after they turn 12 should remain between them and the librarian. I hope that most kids feel comfortable sharing their books with their parents, and I trust librarians to counsel kids about book choices.
H.850	2/21/2024	An act relating to transitioning education financing to the new	Education/Taxes	84	This act creates a mechanism to provide tax rate decreases for school districts that lost tax capacity due to the changes to per pupil weighting in Act 127 of 2022
H.508	5/12/2023	An act relating to approval of an amendment to the ranked choice voting provisions of	Elections	M-9	I'm curious about ranked choice voting and Burlington wanted to try it, so I voted for it.

H.509	5/12/2023	An act relating to approval of amendments to the voter qualification provisions of the charter of	Elections	M-16	This allows for non-resident voting in local elections if someone is over 18 and a resident of Burlington. S.102	5/9/2024	An act relating to expanding employment protections and collective bargaining rights	Employment	117	I was disappointed by this bill because it left the agricultural workers exempt from collective bargaining. I think the vast majority of farmers are treating their workers with respect and dignity. This bill has created a study committee to see what might happen if ag workers were allowed to unionize
H.289	5/7/2024	An act relating to the Renewable Energy Standard	Energy	179	This act increases the amount of total renewable energy electric utilities are required to purchase pursuant to the Renewable Energy Standard (RES) to 100 percent on or before January 1, 2035, depending on the type of utility. For the next two years, at least, this will not affect electric bills. Also, news of the cost being \$500 million is very misleading, as this is what the next ten year of electric would cost now. VEC is slated to get money back from this that will be passed on to consumers.

S.135	5/11/2023	An act relating to the establishment of	Financial	43

I voted for this because, as we've seen, **it didn't raise anyone's home heating bill.** This part is just a study. In 2025 the report will come back and we'll vote on whether or not implement it. The rant of a 70 cent increase was wrong, unfair and unproven. **I was able to get amendments added to this that increased weatherization for mobile home owners as heat pumps don't really work in them.**

S.18	3/21/2024	An act relating to banning flavored tobacco products and e-liquids	Health care	Did not pass	This bill was vetoed by the Governor and the Senate did not take it up during the override session. It passed the House by a moderate margin. I did vote in favor of this because I started smoking menthols at 13. But I've had some time think about this, and I would now only vote for the flavored vape ban that affects kids.

This bill proposes to prohibit the use of threats, physical harm, deception, or psychologically manipulative interrogation tactics by a law enforcement officer during interrogation. Honestly, I'm not sure who would have a problem with this. I'm in favor supporting not scaring kids by the tactics stated above

H.165	5/10/2023	An act relating to school food programs and universal school meals	Universal School Meals	64	I'm a huge proponent of feeding all the kids. I know some say we're feeding kids who can afford to pay for lunch. There are two pieces to this. 65% of Vermonters get income sensitivity on their property taxes. The remaining 35% are paying fully, so they're helping to fund the meals. Also, if wealthy are bothered by having meals for their kids, they can make a donation to their school.
